

Smash Jewish “Gun Controllers” Today

The Obama administration has created an emergency need to confront the sheer arrogance of Jewish gun prohibitionists — humiliating them in the eyes of the world...

WE HAVE THE PROVEN STRATEGY TO ACCOMPLISH THAT.

Did you know our latest handbill ads, attacking Maryland State Democratic politicians Brian E. Frosh and Samuel I Rosenberg as “bagel brains”, and Maryland State Democratic Senator, Michael G. Lenett, generated waves of publicity for the JPFO pro-freedom agenda across the country — in just a matter of hours?

...This included major news outlets such as the *Baltimore Sun Times*, the *Chicago Tribune*, *CBS News*, the *San Francisco Examiner*, and the *Baltimore and Washington D.C. Jewish Weeklies*. More emotional publicity than any other project in our 20 year history.

**Think we are just talking pie-in-the-sky publicity – not solid results?
No so. Within 72 hours of Senator Lenett being confronted with his flyer by
a black man, he withdrew his controversial “gun control” bill.**

The key to that phenomenal victory? The direct confrontation of Jewish politicians for promoting the racism of “gun control” by JPFO — a Jewish organization itself. The targeted politicians and their lap dog media were reduced to uttering mindless platitudes and lies. We won.

The evidence is in: reaching ethnic/racial groups — in their own context — about the danger of “gun control” really works! For example, the big mouths in the black community who support “gun control”, have been much quieter since our *No Guns for Negroes* documentary was produced with your support.

INTRODUCING OUR BRAND-NEW DOCUMENTARY

**We’re now leveraging that powerful strategy with a groundbreaking documentary
– *No Guns for Jews*. This film will rock and sock the liberal Jewish community!**

Among other uniquely powerful messages, it pinpoints Jewish “bagel brains” who are dangerously stupid enough to support U.N. “gun control” schemes. We will expose the total failure of modern “gun control” laws in the world; and alert naïve Jews and all others to the oncoming plans of the Jew and freedom-hating U.N. to end worldwide private firearms ownership.

In the most sinister threat ever to your Second Amendment rights, the Barack “Hussein” Obama and Hillary Clinton cabal has committed America to embrace the U.N. Small Arms treaty that will register and control the sale of all arms. Historically this has led to confiscation. Over five hundred anti-gun groups and countries are pushing this movement and now the United States has joined in

No Guns for Jews can spearhead a counterstrike.

We have already started film production. With just modest support all interviews have been filmed, the script is finished, and now we’re searching for the correct historical stock photos, footage, music, and narration talent.

No Guns for Jews will be award-winning quality, as all our other films have been. No punches will be pulled with the “we know what’s best for you” crowd. We have acquired very powerful facts, materials and resources to confront the “bagel brains”. We will expose “bagel brain” Jews who endanger all Jews and all other citizens with their “gun control” “sickness”.

The documentary challenges the viewer to answer the question: Will you Live by G-d’s Law, or Choose to Die from Man’s Law?

ONLY JPFO CAN MAKE THIS FILM

We have the knowledge, the insight, and the guts to do it.

There is so much more in the film I want to tell you about, but don’t want our enemies to know the full contents before the film is in your hands, on the internet, and You Tube — blindsiding their evil agenda. Successful as our other six films have been, **No Guns for Jews** is destined to have an even greater impact around the world.

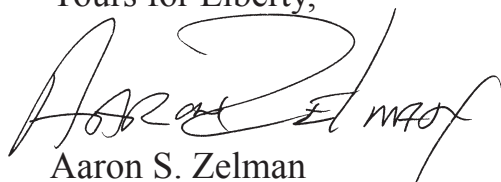

Ask yourself what your 2A rights and firearms are worth to you and your loved ones,.. then choose your most generous level of tax deductible support on the donation form.

This time around cameras cannot keep rolling without your help.

Time is not on our side; the voting record of our arrogant, power-grabbing congress — and the devastating impact of the pending U.N. treaty — proves we must move quickly or lose it all.

But take heart from the dramatic impact **No Guns for Negroes** is having, not just in the black community... Now, with your immediate, generous support for the same strategy, we can stop cynical Jewish politicians in their tracks, bringing the vital freedom message to the Jewish community at large – but again, to tens of millions of additional citizens.

Yours for Liberty,

Aaron S. Zelman
Executive Director
